February 22, 2020

To all AD's and Softball Coordinators,

Most of you have already responded with preliminary information regarding softball teams/ players for this season pursuant to an e-mail request. This letter is official notification that we need firm commitments by this coming Friday in order to firm up 4th, 6th, and 8th grade leagues. See the information below.

CSAA Fast-pitch softball practice/try-outs may begin March 2nd.

Team Registration Form - Available at www.loucsaa.org under the softball icon in the sports tab.

The form is due Friday, February 28th.

Softball Field Manager form - Available at www.loucsaa.org under the sports tab in the softball icon. Please provide information if your field is available to host games and if so what days/nights and times are available.

Any team dropped after the listed registration due date listed will result in the parish being charged the full franchise fee unless we do not have enough teams to form a league

Mergers are allowed within "partner schools" pending notification and approval of the CSAA office. Other mergers may be necessary to form teams and have a league. These options must be approved through the CSAA office.

League play begins the week of April 13th and the tournament will tentatively begin the week of May 11th or 18th.

Franchise Fee:

8th and 6th grade divisions are \$375.00 per team. 4th grade and under division are \$300.00 per team.

League Info:

4th grade and under machine pitch softball for girls will be an instructional league. There will not be any league standings and no post season tournament. The pitching distance is 35 ft.

6th and 8th grade leagues will be compliant with NFHS rules and will have a post season tournament.
