Division of games means: Grade (6th or 8th), Boys or Girls, and Level (#1, #2, #3).

Teams from the same school playing each other need to be distinguished with the exact team name including color and/or number.

Example:							
Game Time	Division of Games	Winning Team	vs.	Losing Team	Scores		
					Set One	Set Two	Set Three
2:00 PM	8th Girls #1	St. Agnes	vs.	St. Stephen Martyr	20-25	25-15	15-8
3:00 PM	6th Boys #2	Holy Trinity #2	vs.	Holy Trinity #3	25-23	18-25	15-10

St. Agnes is listed as the winning team because they won the match: they lost the first set, won the second set, and won the third set. Holy Trinity #2 is listed as the winning team because they won the match: they won the first set, lost the second set, and won the third set. Write the set scores in the order of how the winning team and losing teams are listed in the prior columns.
